Career Objective

Motivated Computer Science and Engineering student with a strong foundation in web development, IoT, computer hardware, and troubleshooting. Seeking an opportunity in a reputed organization where I can apply my technical knowledge, learn emerging technologies, and contribute to organizational success while continuously enhancing my professional skills.

Education

- **B.E. Computer Science and Engineering:**

Chettinad College of Engineering and Technology (2023 – Present)

- **Diploma in Computer Engineering:**

The Karur Polytechnic College (2020 – 2023)

- **SSLC:**

Municipal Boys Higher Secondary School

Work Experience

Lab Assistant – The Karur Polytechnic College

- Assisted students during laboratory sessions.
- Maintained computer systems and peripherals.
- Installed software and performed hardware troubleshooting.
- Supported faculty with lab management.

Technical Skills

Programming: C, C++, Python, JavaScript

Web: HTML, CSS, JavaScript, Node.js (Basic)

Database: MySQL, MongoDB (Basic)

Tools: MS Office, VS Code, XAMPP

Hardware: Computer Troubleshooting, OS Installation

Soft Skills

Problem Solving • Communication • Teamwork • Leadership • Time Management • Quick Learning • Analytical Thinking

Academic Project

Air Pollution and Noise Pollution Detection using IoT

- Developed an IoT-based environmental monitoring system using sensors.
- Monitored air quality and noise levels in real time.
- Technologies: Arduino, IoT Sensors, Embedded C.

Internship

ObjectWays

- Participated in software development activities.
- Learned web technologies and debugging.
- Worked collaboratively on assigned tasks.

Languages

Tamil, English

Interests

Web Development, IoT, Artificial Intelligence, Open Source Technologies
